

# Launch Night Preview

Tues. Nov. 4th & Dec. 2

7-9 p.m.

OEYC Waterloo

## New Resource!

### The Literacy Development Workshop Series

A series of 12 ready-made kits to use in team meetings, for staff professional development or parent education nights; will be on display. Come out and touch, feel and see these kits. Each kit contains both a PowerPoint and overhead presentation, meeting plan, visual aids, books, props, handout sheets and extended ideas that complement a chapter in the book.

Your Waterloo Region Early Literacy Specialist, with the support of a Speech-Language Pathologist from KidsAbility, has developed this new resource based on the book **"Literacy and the Youngest Learner: Best Practices for Educators of Children from Birth to 5"**. A wonderful, new, research supported and evidence-based resource for the "early years" educator.
