

2010 EDI and 2010 KPS Data Map Request Form

The YMCA Ontario Early Years Data Analysis Coordinator is available to create maps for agencies and organizations in our Waterloo Region community. The purpose is to provide local agencies and organizations with visual data that can be used in research or reports, and to inform decision-making or advocacy work. It is necessary for data to be affiliated with postal codes in order to create maps.

Please complete this form and email or fax to Amy Romagnoli, Data Analysis Coordinator at oeycdac@ckwymca.ca, fax 519-741-9641. Amy will contact you as soon as possible to have a phone conversation prior to creating the map.

Name: _____

Organization/Department: _____

Address: _____

Phone: _____ x _____

Email: _____

Map Required by: _____
